

Due to the overwhelming support from our communities, residents and business owners of the Niceville and Valparaiso area, we have exceeded our first goal of \$30,000 which will more than cover this year's fireworks show. We have now increased our goal to \$100,000 because we want to be able to build the Fireworks Trust Fund over the next few years to a level where the interest generated would cover future years of fireworks. Thank you for helping to support the Twin Cities Fireworks.
